\* Dr. William H. Brock, current Edelstein International Fellow in the History of Chemical Sciences and Technology, is preparing a new history of chemistry, entitled *At the Sign of the Hexagon*, as part of a new history of science series to be published by Fontana Paperbacks. Dr. Brock has spent the last six months at the Beckman Center in Philadelphia and, the situation in the Middle East allowing, will spend the period from 1 March - 30 June at the Edelstein Center in Jerusalem.

\* Travel grants are available from the Beckman Center for the History of Chemistry to enable interested individuals to visit Philadelphia to make use of the Othmer Library, the Edgar Fahs Smith Collection, and other associated facilities. The grants, which may be used for travel, subsistence, and copying costs, will not normally exceed \$500. Applications should include a vita, a one-paragraph statement on the research proposed, a budget, and the addresses and telephone numbers of two references. Deadlines are 1 February for grants covering the period April-June, 1 May for July - September, 1 August for October-December, and 1 November for January-March.
