2015 ChemLuminary Award Winners

Congratulations to the 2015 ChemLuminary award winners! Thanks to their exceptional volunteer efforts, these Local Sections, Divisions, Regional Meetings, International Chapters and Committees are being recognized for their work promoting chemistry and the chemical sciences.

Committee on International Activities

Global Engagement Award: Technical Division

Division of History of Chemistry (HIST)

Since 2006, the Citations for Chemical Breakthrough Award has selected winners from a diverse international pool, with nearly 50 awards given in 11 countries. Administered by the Division of the History of Chemistry, the award's goal of "improving the understanding and appreciation of chemistry by the public" is certainly being realized around the world.
