Camerarius, Elias Rudolph, Jr.  

1673 - 1734

DEGREE: MD  
DATE: 1691  
PLACE: Tübingen

TEACHER/RESEARCH ADVISOR: Camerarius, E., Sr.

professor of medicine; wrote a history of the epidemic fever; proposed a new system of physiology; despite great scholarship and his skepticism of the work of others, Camerarius was an exceptionally credulous man who devoted himself zealously to mysticism and the secret arts - he opposed innovation and progress and was especially hostile to the iatrophysical methods then being developed for the treatment of disease.
